

**HASMAH ABDULLAH (ASSOC. PROF. DR.)**

BSc. (Biology), MSc. (Biology) Ph.D (Biochemistry)

Environmental and Occupational Health Programme,  
School of Health Sciences, Universiti Sains Malaysia  
+6097677534

[hasmahab@usm.my](mailto:hasmahab@usm.my)

**Researcher ID:** E-4533-2012

**Scopus ID:** 36116492800

**Google Scholar ID:** Hasmah Abdullah

**Specialisation:**

Natural Product Drug Discovery, Applied Toxicology

**Research Interest:**

Bioassay guided isolation of natural compound from plant extract and its mechanism of action  
Human biomonitoring and characterisation of human biomarkers due to exposure of toxic insulted

**Research Recognition and Achievements:**

Malaysian Qualification Agency Panel

Members of Malaysian Natural Product Society

Members of Malaysia Biochemistry and Molecular Biology Society

### **Available Postgraduate Research Topics:**

1. Mechanism of action of antineoplastic drug and natural product combination towards cancer cell proliferation
2. Human biomonitoring of direct and indirect exposure towards toxic substances
3. The utilisation of biomarker of effect and biomarker of exposure to characterise exposure pathway in human exposed to toxic substances
