

**DR. EZZEDDIN KAMIL MOHAMED HASHIM**  
B.Eng. Computer System & Communication,  
M.Sc. (Bioinformatics), PhD. (Bioinformatics)

**Researcher ID:** C-6887-2016

**Scopus ID:** 56906893500

**Google Scholar ID:** Ezzeddin Kamil

*Research Interest:*

Applications of programming, algorithm, ML,  
& database in the fields of Bioinformatics,  
Immuno-informatics & Health Informatics.

Address: Biomedicine Programme  
School of Health Sciences  
USM, 16150 Kubang Kerian

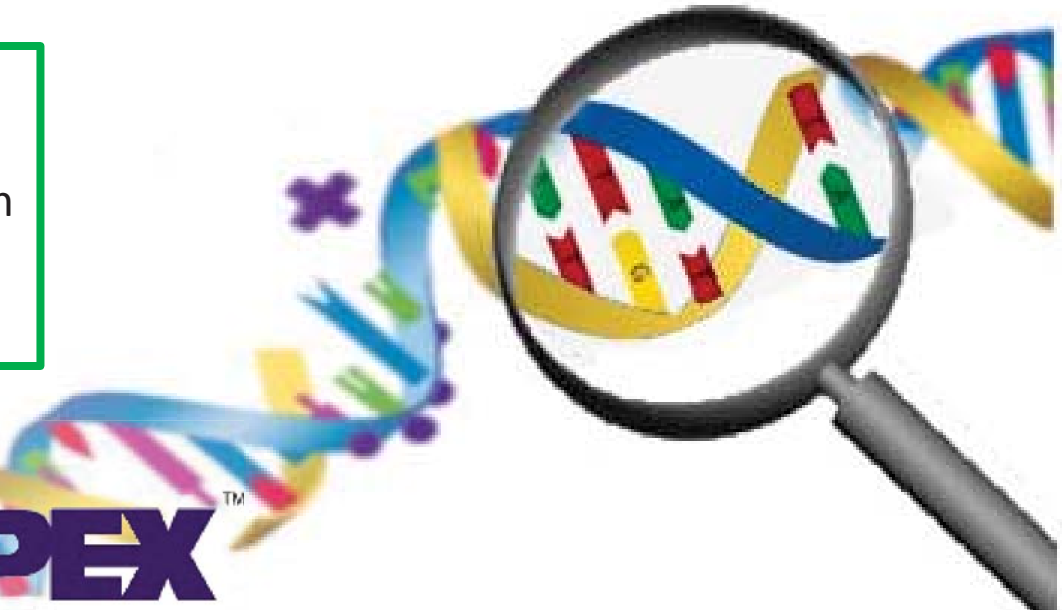

Contact: 609-7677851

Email: ezzeddin@usm.my

**USM** UNIVERSITI  
SAINS  
MALAYSIA

**APEX**<sup>TM</sup>

# Available Postgraduate Research Topics:

1. Classification of common B- and T-cell epitopes in pathogenic mycobacterium
2. In silico prediction and analysis of respiratory microbiome epitopes
3. Classification of patient case groups based on ICD10 coding using graph algorithm
