Google Scholar ID: Assoc Prof Dr Zafarina Zainuddin

Specialization:

Forensic DNA; Molecular Biology; Molecular Genetics

Research Interest:

DNA Profiling, Population Genetics and Bioassay

Research Recognition and Achievements:

Principle Investigator for Identification of the remains from Dakota KN630 crash in Gua Musang, Kelantan, Malaysia (British Army grant), Programme head for FRGS-Top Down and Project head for LRGS grant, total citations >700

Available Postgraduate Research Topics:

1. Phylogeny and phlogeography of Orang Asli populations in Peninsular Malaysia
2. Molecular characterization of wild animal species in Malaysia
3. Identification of potential natural product compounds with anti-ageing and anti-obesity properties
