Researcher ID: I3244-2016

Scopus ID: 6603304166

Google Scholar ID: Wan Rosli Wan Ishak

Specialisation:

Food science and nutrition, Function food

Research Interest:

Functional food development

Optimizing dietary fibres from agricultural by-products

Research Recognition and Achievements:

Innovation: Most Promising Innovation Awards (BioMalaysia 2009)

Commercialization: NutriMush® Cookies and Oyster Mushroom Powder

Patent: Cornsilk Powder for Food Production 2015

Available Postgraduate Research Topics:

1. Investigation and development of specialized nutritive interventional food products.
2. Designing low glycaemic index of baked-based foods for diversity market.
3. Incorporation of natural plant- and fungi-based dietary fibre in functional foods.
